Protesters are in Dickinson today, spreading the word on an unusual issue.

Blood Stained Men is an organization that believes circumcision is destructive, harmful and serves no medical benefit.

They say the medical procedure can have negative impacts on a male's sexual development as he gets older.

The organization has been active for five years and has gained approximately 1,000 protest supporters nation wide.

" There is worldwide outrage against American circumcision. the American people are the only people in the world who circumcise baby boys, said Brother K, Founder of Blood Stained Men.

The group is protesting 17 cities in 17 days and will be in Bismarck this week.
